Cyren Premium Antispam

This report tells you the number of messages that the Cyren Detection Center classified as potential spam on your server. System administrators may use this report to verify that the Cyren Premium Antispam add-on is working, to gauge the amount of spam coming into the server and more. Note: Not all reports are available for users and/or domains. Consult your system or domain administrator for report availability.

The following report items are available:

- Day - The specified amount of time that the report data falls within.
- Confirmed - The number of messages the Cyren Detection Center confirmed as coming from known spam sources.
- Suspected - The number of messages the Cyren Detection Center suspected might be spam because they were sent to a slightly larger than average distribution.
- Bulk - The number of messages the Cyren Detection Center deemed as sent in bulk. Note: Newsletters or mailing list messages may be included in this classification.
- Not Spam - The number of messages the Cyren Detection Center deemed were not spam.
