Manage RSS Folders

Adding a Folder - A folder can be added a couple different ways. You can click the Plus Sign icon on the Folder toolbar; or move your mouse above a current folder, right-click, and choose New Folder . In both instances a new window will pop-up, allowing you to name your new folder.

Go To Folder - Click on a folder name to see the messages contained in the folder.

Rename a Folder - You can rename a folder by clicking on the folder you would like to rename and then clicking the Pencil icon on the Folder toolbar; or by moving your mouse over the folder that you would like to rename, right-click, and choose Edit . A new window will pop-up showing the current name of the folder, and a blank space will be available for a new folder name.

Delete a Folder - First choose the folder you would like to delete. Then either click the Trash Can icon on the folder toolbar; or right-click and choose Delete . A new window will pop-up asking you to confirm your deletion. At that point you may either continue with the delete, or cancel it.
