Pages Indexed Not Viewed

This report displays a list of the webpages that were indexed by spiders and/or bots but that were not viewed by the public. Site administrators and users can use this report to identify pages that may be deleted or may need to be optimized to increase page views.

Note: This report can be added as a report item to a custom report. It may also be used in the creation of standard reports. For more information on report items, refer to [Understanding Report Items](#) .

For a definition of the terms listed on this page, please refer to the [Glossary](#) .
