## Spider Pages

This report displays a the top pages of your website crawled by spiders and/or bots. By selecting a specific spider in the report options pane, you can see the top pages indexed by that spider.

Note: This report can be added as a report item to a custom report. It may also be used in the creation of standard reports. For more information on report items, refer to [Understanding Report Items](#) .

For a definition of the terms listed on this page, please refer to the [Glossary](#) .
