North American Cities

This report shows the traffic from the cities and states of North America, with the highest activity city being listed first. The cities visitors are identified by IP address.

Note: This report can be added as a report item to a custom or favorite report. It may also be used in the creation of standard reports. For more information on report items, refer to [Understanding Report Items](#) .

For a definition of the terms listed on this page, please refer to the [Glossary](#) .
