

Daily Visit Length

Help Documentation

Daily Visit Length

This report displays information about the average length of your website visits for the day(s) that your selected date range includes. Visit lengths are counted in seconds from the moment a website session starts to the moment it ends.

Note: This report can be added as a report item to a custom or favorite report. It may also be used in the creation of standard reports. For more information on report items, refer to [Understanding Report Items](#) .

For a definition of the terms listed on this page, please refer to the [Glossary](#) .
