Site Propagation

Use this section to apply global default settings to all of the sites in SmarterStats. These default settings can be overwritten and are only intended to avoid needless data entry. To access site propagation, click the settings icon . Then expand the Defaults folder and click Site Propagation in the navigation pane. The default site settings will load in the content pane. For more information on these settings, refer to Site Defaults . To apply some or all of the default settings to all of the sites in SmarterStats, select the appropriate settings and click Propagate Now.
