## Upgrading SmarterTrack

Because the SmarterTrack download contains all of the installation files needed for any licensing level or edition, upgrading editions or levels is relatively easy. With a valid license key, companies can easily upgrade to the Professional or Enterprise editions or increase the number of agents available in SmarterTrack. For more information, see [Licensing](#) . For step-by-step instructions, please refer to the KB article [How To - Upgrade SmarterTrack Levels and Editions](#) .

The steps for upgrading to SmarterTrack from an older version of the application vary depending on which installation package is used--the automatic installation package or the manual installation package. For more information, please refer to the KB article [How To - Upgrade SmarterTrack](#) .
